I give MasterCard® Prepaid authority to credit my account on this occasion by signing this form and providing the details above.

Please note that an encashment fee of \$10 applies. A buyback rate is used to encash all currencies. A "buyback rate" is a foreign exchange conversion rate that is used to calculate your encashment refund. The "buyback rate" may fluctuate and cannot be confirmed until your Cash Passport encashment is processed. A "buyback rate" is very different to a "selling rate" and these foreign exchange rates can change daily without notice due to market volatilities and overseas trends outside of your bank's control.

If processed manually, by faxing this form, it can take 3-4 weeks to receive funds back into the member's account.
